

Dear brothers and sisters in Christ.

I hope that you and your family are doing well and I believe that God's protection in Jesus' name is among all of you. Thank you for all your prayers during this time refilled God's present more than ever with His protection.

On the 11th of January I was invited in one of most popular TVs in Kosovo, as I told you in the previous letter. Reaction to my testimony on this interview it has been amazing. It's reached over 650,000 people that have seen my interview on FACEBOOK and 250,000 on YouTube. The comments, most of them has been so positive, but also so many negative Muslim reactions, but they blame on the TV station, now that they are in a Muslim country they should not be proclaiming Jesus Christ as the Lord and Saviour. But praise the Lord that so many people through this interview has been touched by God's message of salvation.

It is amazing how God works, because in late 1990s we have been serving with aid in Kosovo for many years and we have spread the gospel to the people that we helped. After 24 years God did not forget what we did in 1999 till 2004! So many pastors from Kosovo write it to me that many Christians in their churches has been encouraged with my testimony. Some of them told me that new people went to their churches because of my interview and testimony and also the proclaiming that no one else can bring salvation except Jesus Christ. I thank God for this opportunity that I had. I did not know that it would have this type of effect.

I travelled the 5 hours by car to Kosovo, with no doubt that this was the opportunity to proclaim Jesus Christ in Kosovo, and 5 hours back after the 45 minutes interview. I can understand clearly all the threats that I get from the people who hate Jesus Christ, but please pray for me because I am prepared for all things but I need prayer.

One night when I was coming home walking on the Dark Road of the street of my apartment somebody hit me with a wood bat or something on the back on my spine near to the my neck! I did fall down but I did not see anybody. The attack didn't hurt me very much at that moment.

Luli and the rest of the family doesn't know this took place so please don't let them know. Since that night I have had headaches every single day, so please pray for healing.

Please pray that those people who has been touched through this interview and testimony they should turn to Jesus.

Please pray for the children's home that God with provide with at least £2,000 this month till 10th of February for heating and also for food.

Lots of love in Jesus.

Paulin Vilajeti.
